TO WHOM IT MAY CONCERN

Re: Paolo Cavallini

It is my pleasure to recommend Paolo Cavallini as skipper (or crew) for your boating needs.

I recently engaged Paolo for volunteer crew on my vessel "MARRICAR" for the period 23rd to 28th October 2018. In that time we made passage from Port Roses, Girona to Bizerte, Tunisia and then on to Alghero, Sardegna.

Paolo is a great skipper with a wealth of experience. But it wasn't just the skippering that I enjoyed, it was his passion for sailing (and life) and the great chats we had along the way, even in the early hours.

Whenever he was at the helm I felt relaxed and safe. Knowing he can handle the worst Mother Nature can throw, and we definitely got close to some of those.

Paolo dealt with on board problems as they arose and was able to trouble shoot and fix issues "on the go" even in heavy weather.

I recommend Paolo Cavallini as a sailor (and more importantly a person) without reservation.

I only hope we can remain friends from over the globe.

Sincerely,
